EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Price on 11 January 2008.

The application has been amended as follows:

IN THE CLAIMS

In Claim 1, line 6, the word "flat" has been added before the word -- pusher --.

In Claim 30, line 3, the word "flat" has been added before the word -- pusher --.

Claims 14, 17-20, 22, and 24-29 have been cancelled.

Claims 1-3, 6-11, and 30 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's and Examiner's amendments and cancellations have overcome the U.S.C. § 112 and 103 rejections of the previous office action. Further, the independent

claims overcome the prior art since they require that the optical guide units be within the bank note storing unit *with* a flat pusher.

The prior art of record does not disclose this combination of limitations. For example, US Patent No. 5,624,017 to Plesko discloses a banknote receiving (21) and storing unit (22) (21 and 22 are two separate units that can be removed from each other), however, Plesko does not disclose that the optical guide units (140, 142, et al in 21) are within a banknote storing unit (22) *with* a flat pusher (4/5 (FIG. 1) and 18a/18b (FIG. 2a-2e) were not flat pushers (not flat since they are curved rollers)). Similarly, other prior references do not disclose all the limitations of the independent claim. Therefore, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to GERALD W. MCCLAIN whose telephone number is (571)272-7803. The examiner can normally be reached on Monday through Friday from 7:30 a.m. to 4:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patrick H. Mackey can be reached on (571) 272-6916. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
